

FOR IMMEDIATE RELEASE

Over \$160,400 in grants to 40 local charities distributed!

Monday September 26, 2022 – This fall 40 local charities have received funds through The Guelph Community Foundation’s (GCF) Community Grant program.

The GCF Grants Committee and staff are pleased to announce the 2022 Community Grant Recipients. The funding decision was made by the Grants Committee on September 07, 2022 and approved by the Board of Directors on September 08, 2022. This year the decision was a particularly challenging as GCF had received the highest number of applications ever for this program.

GCF’s Community Grants provides dollars to registered charities (or non-profit organizations partnered with a registered charity) operating in Guelph or Wellington County. To best provide for those serving our community, and with an understanding of the ongoing pressures of Covid-19, for the first time ever GCF was able to open applications up beyond just programing, and now accept applications for operational funds and capital projects.

The Community Grants application period was from Monday, July 11 – Monday August 15, 2022. Funding of up to \$5000 was made available for applicants. The granting criteria for charitable organizations seeking funding their application must fit within the framework of Toward Common Ground wellbeing concepts and connects to one of the United Nations Sustainable Development Goals.
